📞 (347) 302-0955

📍 1925 Ocean Ave Brooklyn, NY, 11230

CAREER OBJECTIVE

Results-oriented high school student with 4 months of work experience and proven knowledge of application development and advanced technology. Aiming to leverage my abilities to successfully fill the Software Engineer role at your company. Frequently praised as quality-oriented by my peers, I can be relied upon to help your company achieve its goals.

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPER AND DESIGNER

Dynamo Fencing Center, Brooklyn, NY / Oct 2019 – Jan 2020

- Write, design, or edit web page content, or direct others producing content.
- Perform or direct web site updates.
- Design, build, or maintain web sites, using authoring or scripting languages, content creation tools, management tools, and digital media.
- Identify problems uncovered by testing or customer feedback, and correct problems or refer problems to appropriate personnel for correction.
- Evaluate code to ensure that it is valid, is properly structured, meets industry standards and is compatible with browsers, devices, or operating systems.
- Maintain understanding of current web technologies or programming practices through continuing education, reading, or participation in professional conferences, workshops, or groups.
- Analyze user needs to determine technical requirements.
- Design and implement web site security measures such as firewalls or message encryption.
- Register web sites with search engines to increase web site traffic.
- Research, document, rate, or select alternatives for web architecture or technologies.
